

CALL FOR PAPERS

Fourth Annual Ewing Marion Kauffman Foundation Sponsored Hybrid Colloquium on Transitional Entrepreneurship

Strome College of Business, Old Dominion University

May 31st and June 1st, 2024, Norfolk, Virginia

Entrepreneurship among Historically Marginalized Groups

We invite scholars, students, and practitioners to submit completed papers, 'works in progress,' and panel proposals for the Transitional Entrepreneurship Colloquium to be held on May 31st and June 1st, 2024. The colloquium is the fourth of a series of annual colloquia sponsored by a grant from the Ewing Marion Kauffman Foundation. The 2024 edition of the colloquium will be in-person with hybrid segments.

Transitional Entrepreneurship

Transitional entrepreneurship focuses on entrepreneurship among individuals from communities that face significant adversities in launching ventures and for whom the path involves substantive life transitions. We focus on entrepreneurs from historically marginalized groups, such as veterans, immigrants, refugees, women, and individuals living in economically distressed communities.

As research on transitional entrepreneurs is at an early stage, we welcome papers from multiple perspectives, methodologies, regions, and themes with implications for theory, practice, and policy.

Colloquium Mission

- Bring together a diverse community of scholars, practitioners, and policymakers interested in entrepreneurship among transitional communities.
- Generate and disseminate a body of knowledge that motivates relevant future research projects and actionable ideas in transitional entrepreneurship.

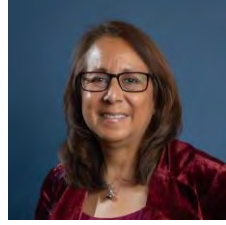

Format

Panel discussions, Paper presentations, Paper development sessions, Keynotes, Case study sessions, and Networking sessions

Invited Panelists/Speakers
