17:30-18:30 IST | 23:00-00:00 AEDT

Registration: [Eventbrite link](#)

### About the Inspiring Methods PDW Series

This series is all about inspiring researchers in the CMS community to take on methods that address some of the methodological challenges of mainstream research. In bi-monthly events, we will have different researchers discuss how their approach to research methods has challenged conventional methods and how others can adopt these methods.
