

## VIRTUAL PLENARY: ONE Planet 2020-2030: Coupling Management Research with Grand Challenges and the UN SDGs *Monday, August 10, 8:00-9:15AM EDT*

The objective of the Plenary is to discuss the main **grand challenges** faced in different parts of the world and propose a research agenda for the next 10 years. We as ONE researchers have an opportunity to advance research on the **2030 United Nations Sustainable Development Goals (SDGs)** and contribute with actionable ideas.

We look forward to you joining us in the plenary!
