

A european based community of
engaged management scholars

2nd EURAM SIG Entrepreneurship Paper Development Workshop

International Review of Entrepreneurship

Special Issue on "Decide to digitalize! Barriers, drivers and the entrepreneurial cognition perspective"

European Journal of International Management

Special Issue on "Digitalisation: The Internationalisation of Innovation, Entrepreneurship, and Sustainability"

Online – October 15th, 2021

What

The **2nd EURAM SIG Entrepreneurship Paper Development Workshop** (PDW) - *International Review of Entrepreneurship* Special Issue on "[Decide to digitalize! Barriers, drivers and the entrepreneurial cognition perspective](#)" and *European Journal of International Management* Special Issue on: "[Digitalisation: The internationalization of Innovation, Entrepreneurship, and Sustainability](#)" (click for more info) is the second of the PDW series within the **EURAM SIG Entrepreneurship**.

The purpose of the PDW is to facilitate a roundtable among expert Scholars in the field and meet the Special Issues Guest Editors. It will also help authors better address their contributions to the Special Issues thanks to their papers' discussion with our community Scholars.

The PDW wants to be a white laboratory, a friendly environment with a positive and fruitful exchange of ideas and food for thought.

Where and when

Online Platform Zoom (hosted by University of Trento) – **Friday, October 15th, 2021** (9.30 AM- 1 PM CEST)

Format

The **first session** (approximately half an hour) features a short roundtable discussion of common issues and expectations about research and practice between the Authors, Guest Editors, and the Entrepreneurship SIG members. This session will pursue an open discussion format.

The **second session** (approximately 20 minutes per paper) will be devoted to an open discussion of the papers, in sequence, where Presenters will receive feedback from the Discussants, Guest Editors, and the Members of the Entrepreneurship SIG.

Participants

The 2nd EURAM SIG Entrepreneurship PDW is aimed at Entrepreneurship Scholars belonging to the EURAM SIG Entrepreneurship interested in Decision Making and Behaviour.

Authors will have the opportunity to discuss their works with a team of Volunteer Facilitators, including Expert Referees and Discussants from the SIG Entrepreneurship community, and Guest Editors of the Special Issue.

To stimulate a non-dispersive and inclusive discussion, the PDW will include a maximum of **six papers**.

How to apply

We invite authors to submit empirical and theoretical papers to be considered for the 2nd EURAM SIG Entrepreneurship Paper Development Workshop. Literature reviews are also welcome.

Please click [here](#) to submit by **October 10, 2021** a **single PDF file** document that contains the following information:

- **Short bio** (max 150 words);
- **Extended abstract** (3000/5000 words including references, tables, and figures);
- **A cover letter with insights and question(s) that authors would like to discuss** (max one page).
